PERSONAL SUMMARY

A curious and considerate educator with an eye for detail and passion for organization. Graduate of the Flatiron School's full stack software engineering bootcamp with a diverse professional background spanning from Early Childhood Education, English as a Second Language Education, IT Support, Fitness, and Martial Arts. Possesses a strong sense of collaboration, determination, peer-motivation, empathy, and problem-solving skill to effectively gain intended results.

PROFESSIONAL EXPERIENCE

Google Software Engineering Mentorship – Black in Tech Berlin Berlin, Germany
Software Engineering Mentee 09/2022 – Present

- Learning and practicing Java and Software Engineering foundations with Google Mentor.

Bright Horizons Family Solutions Evanston, Illinois
Lead Early Childhood Education Teacher 02/2019 – 03/2020

- Constructed purposeful lessons for students aged 0-5 based on early childhood learning standards and the individual interests of students to advance intellectual and physical competence as well as support social and emotional growth.
- Pursued additional early childhood education training through in-house training program.
- Ensured a safe and healthy learning environment for 8-14 growing preschool students ages 2-4.
- Coordinated with staff at all levels to manage classroom configurations.
- Maintained warm community between students, families, and fellow staff members through daily electronic reports and strategic communications to ensure that the needs of all involved in the classroom can be discussed and met.

Elan School of Literature and Language Beijing, China
Head Teacher 09/2016 – 09/2017

- Developed lesson plans for students aged 5-16 in small class and group workshop formats.
- Instructed the fundamentals of the English Language (Pronunciation, Phonics, Grammar, Writing) through American & Chinese literature in individualized lessons tailored to the strengths and weaknesses of students.
- Ran training seminars and events for staff members to refine teaching techniques.

Joyce Happy English Training Center Beijing, China
Program Manager 08/2014 – 08/2016

- Enhanced the functionality of an English language training center by creating school curricula to measure students aged 3 – 16 literacy levels.
- Established marketing learning seminars and demo classes open to the public.
